

Idea Collection Survey

This year, students at _____ will decide how to spend _____ of the school district's budget to improve our school. We want to hear your thoughts and ideas about how to spend the money!

What would you like to see changed or improved at _____?
Be as specific as possible.

Explain the problem that needs to be fixed.

Provide at least one way you could fix or improve the situation.

Intro to SPB Announcement + Idea Collection Survey

This year, students at _____ will decide how to spend _____ of the school district's budget to improve our school. This process will happen in four steps that include (1) brainstorming ideas, (2) developing project proposals, (3) voting, and (4) funding winning projects.

We're kicking all of this off here today! We want to hear your thoughts and ideas for how to spend this money!

To get started with thinking about how you'd like to spend our _____ think about these two questions:

1. What needs have you noticed at _____?
2. What do you wish was different here?

Once you've thought through what you'd like to see changed at _____, start thinking about what projects could resolve these problems. Think about why each project idea is important. As you think of ideas, be specific, and be creative! Worry less about whether the project is realistic or eligible and share all of your ideas.

Today, before you go, we will collect your project ideas. You can also submit your ideas through an online survey at: _____. We'll also be outside around campus asking for your ideas, because this is our money, and we need all of our voices to spend it in the most meaningful ways for all of us!

If you would like to be a part of this committee stop by _____ during _____. We are still looking for students to join the committee.
